

Arizona Christian University Worldview Student Assessment for 12th Grade is accessible for one year from date of purchase. Pricing is per student, and includes a pre-test, a post-test, and reports for each. You can select the number of “students” from the product menu. Additional student assessments can be purchased from your group dashboard at any time. When establishing your “School Group Name” use unique terms to help identify your group ... such as City and State or Campus (up to 50 characters). For example: ***New Life School - 12th Grade - Denver, CO***

NOTE:

You are the “group owner” when you purchase the assessment. A “member” is a user in your group who takes up a “seat” in your group. If you wish to add or assign “group managers” you will need to add additional “seats” to your group to cover the “group managers”. You can add additional seats at anytime.
